

Industry award coincides with 20 years of financial advice

AXA Financial Planning would like to Congratulate Leanne Bull CFP® winner of the FPA's Value of Advice award for her pre retirement planning advice while celebrating 20 years of financial advice.

Each year the Financial Planning Association of Australia (FPA) publicly acknowledges three members who demonstrate 'best practice' financial advice for their clients. Leanne Bull has showcased the value of her professional financial advice by taking out the FPA Value of Advice award for pre retirement advice.

The award is very timely, coinciding with a luncheon to thank those clients who she has assisted for over 20 years to put in place sensible strategies to assist them with a comfortable retirement and happier life.
